

## NATIONAL CODING OLYMPIAD Junior

Dear Students,

Coding has been touted to be an irreplaceable part of modern education in the National Educational Policy 2020. All you need is to apply skills which are common in everyone: logical thinking, and common sense!

We are inviting you to participate in the National Coding Olympiad Junior, organized by IIT bhubaneswar and SuperTeacher to represent our School

To attend this exam No prior coding knowledge is required.

NCO Junior will be conducted for three categories:

- Preparatory (Grade 3-5)
- Middle-school (Grade 6-8)
- Secondary (Grade 9 - 12)

For each category, NCO Junior will be conducted in two levels:

**Level 1 - Coding Attitude Test (MCQ based Online Test)**

**Level 2 - Coding Aptitude Test (Online Live Coding Competition)**

The first level will be completely based on logical skills and reasoning. Those who perform well at this level will all be awarded merit certificates and scholarships. Further, the top performers will be given a week-long training by world-class coders, after which they'll appear for the level 2 test. The top performers at this level will be awarded a merit scholarship, a chance to interact with the highly respected professors of IITs.

*All Participants will receive a participation E-certificate from IIT Bhubaneswar*

Awards: Upto 1 Crore worth Scholarships will be given to the participants

**Fee to attend the exam: 199 Rs**

Register at <https://www.superteacher.in/ncojunior21>

**Event Timeline:**

<b>Date</b>	<b>Event Description</b>
